

June 23, 1975
Fontanelle, Iowa

The Town Council met in session following the meeting with the Trustees, with Mayor Betty Burcham presiding. Councilmen present were Leo Armstrong, Randall Bond and Art Baudler.

It was decided that the Library Board could have the 3 Light Fixtures that are in the present Library, or the Council would buy 3 identical fixtures for the new location. It also was decided that the Council will not pay for the closing of the bottom half of the three west windows, as it is inevitable that repairs have to be made in the Back Pump Room, and a new Gas Meter will have to be installed. The Clerk is to contact the Gas Company and instruct them that a new meter is to be installed.

Motion by Randall Bond to adjourn. Seconded by Art Baudler. Carried.
