

RESOLUTION ADOPTING RATES FOR ELECTRICITY PURCHASED FROM ALTERNATE ENERGY PRODUCERS BY THE FONTANELLE MUNICIPAL UTILITIES.

WHEREAS, the Iowa State Commerce Commission has required electric utilities to file tariffs establishing rates for purchases of electricity from qualifying alternate energy producers and small hydro facilities;

NOW THEREFORE, BE IT RESOLVED BY THE City Council of the City of Fontanelle, Iowa:

That, to the extent such purchases are allowed under legally binding contracts between the utility and its wholesale supplier(s), the utility will purchase electricity from qualifying alternate energy producers and small hydro facilities or will transmit the electricity to another utility;

That in accordance with rules adopted by the Iowa State Commerce Commission (250 IAC Chapter 15), the rate for such purchases will be \$.015/kWh

That the rate tariff will become effective thirty days after filing with the Commission;

That public notice of the rate adopted herein shall be by publication of this resolution in the newspaper of record.

Passed and Adopted this 5th day of November, 1984.

November 26, 1984

The City Council met in Special Session at the City Hall at 7:30 p.m. with Mayor Ralph D. Means presiding. Council Members present were: Denny Sickles, Kenneth Perry, Robert Edwards and Harold Veatch. Absent: Gene Jacobsen.

Motion by Harold Veatch to approve the application of Barbara Hill dba "The Town Pump" for a Liquor License with Sunday Sales. Seconded by Denny Sickles. Carried.

Motion by Kenneth Perry to approve the application for a Cigarette Permit for Barbara Hill dba "The Town Pump". Seconded by Robert Edwards. Carried.

Motion by Kenneth Perry to refund Darrell Dodge dba ~~Dodgers Bar & Grill~~ the Liquor License due from the City in the amount of \$97.50 as set out by the State Liquor Commission. Seconded by Denny Sickles. Carried.

There was a lengthy discussion about Electricity. Delmer Miller reported that the city does have some #6 wire on hand for overhead lines. He said the City also has poles, cross-arms and insulators. The tie in would be at the Ronald Purdy residence and to east to the R.E.C.'s underground south of the Marion Faurote residence at the first corner west of Greenfield. A meter would have to be installed so that the City would be billed and the R.E.C. would get credit for the Electricity used.

It was decided that Delmer Miller and Robert Edwards should look into the cost of both underground and overhead to see which was most feasible.

Delmer Miller had talked to Solomon Electric Co. regarding the Transformer, and was told that they will rewind the Westinghouse Transformer if the City would buy the wire.

The Council discussed the Electrical outage of November 19th caused by Albert Eshelman's cutting through the cable with a tiling machine. They felt that a bill should be sent to Mr. Eshelman to cover the expense of the men who worked repairing the damage.

The furnace and the breakers are to be checked at the Community Center as they are not working properly.

Motion by Kenneth Perry to adjourn. Seconded by Harold Veatch. Carried.
