

284 Motion by Denny Sickles to extend the Weidner contract date to January 1st  
Seconded by Gene Jacobsen. Carried.

Delmer Miller stated that they were not satisfied with the output of the old pump on the deep well. It seemed not to be able to keep up with the demand. He had pulled the pump and sent it in for repair. They had taken off one stage, brought back a new pump but it didn't pump any more water than the old one. They test the well on open discharge at 100 gallons per minute so they knew the well was all right. Delmer ask if the Council wanted to spend \$3500 for a new pump that would pump 78 gallons per minutes or a 20 horse that would pump 120 gallons per minute that would cost \$4208. After much discussion the Council thought it would be better to repair the old pump.

Motion by Harold Veatch to repair the old pump and put it back in the well. Seconded by Kenneth Perry. Carried.

Motion by Kenneth Perry to adjourn. Seconded by Gene Jacobsen. Carried.
