Curt Dieren of DGR explained to the Council what has been done and what is left to be done before a bid letting for contracting the electric project can be approved. The City is to buy the materials for the project. Questions were asked and Mr. Dieren answered them. If the materials can be delivered, the contractors bid letting will be with the north section to be completed by the end of this year and with the south section to be done in the spring, with an alternate bid for completion of both sections in 1996.

Motion by Tiedeman to approve a bid letting for materials for both sections at one time. Seconded by Armstrong. Carried unanimously. The date for opening the bids will be August 10 at 2:00 pm. Garry will open and record the bids at this time. It was decided to postpone the regular meeting in August until August 14, when the contracting for materials will be awarded, thus saving having to have a special meeting. It was also decided to have a liquidated damages clause included in the contractor bid letting of \$200 a day.
