He will begin Sept. 5th completing the installation of a sewer main from 1st & Benton to the town shop building. Since this project was begun last year and he had not been back to finish it yet, he realizes that the City is not happy with his delay. Mr. Young plans to finish this project within the next couple of weeks, and asked if the Council has any objections to him being a sub-contractor for a company bidding on the electrical project. Since Mr. Young spoke under public input, and was not on the agenda. an answer was not provided.
