Greg Shawler of H R Green Co. discussed with the Council recommendations for the City's sewer line problem. After having 1st Street and Maple Street videoed, it was discovered that there is not much salvageable in either line. There are many dips and sags, broken or offset joints and many broken or offset service lines.

It is recommended that the sewer mains on 1st Street and Maple Street be replaced. Also the lift station needs rehabilitated and the force main replaced.

Grants were discussed. There are CDBG grants, DNR low interest loans, State revolving fund loans and Rural Development grants available. SICOG will be contacted to help write the grant applications.

On July 1, 1998, a video conference will be held at 1:00 p.m. on new pre-application procedures. Lois, Garry, Mayor Jacobson and Councilmember Glassell will all try to attend at the Creston college.

It was decided to include in the cost study the possibility of taking the force main around to the south of town instead of emptying into the manhole on 9th and Maple.
