Departmental Reports

Craig discussed problems he has been having with an old storm line blowing out. This line crosses through Mike Welch's pasture and has 13 blow outs this spring. The old clay tiles keep shifting and leaking. Craig obtained some quotes for replacement tires for the 1999 pickup. Received identical quotes from Herr Tire Repair and Bridgewater Oil. Decided to purchase 2 tires from each supplier. Craig will be attending the Consumer Confidence Report Workshop this week. Craig would like the help of the street committee (Sickles and Shafer) to decide what repairs to do this spring. There is very little money available to street repairs this year. We have a manhole cover on Main Street that needs replaced. Craig is considering patching it with cold patch until after RAGBRAI as he will not have time to repair it before then. Discussed needed repairs of the ditch at the corner of Jefferson Street and 12th Street. The dirt is washing away and we are close to having street damage occur. Craig is looking at possibility of placing a tube to provide some support. Discussed possibility of purchasing used REC truck to replace the bucket truck. Motion by Glassell to authorize Craig to negotiate for the purchase of the truck with a cap of \$20,000. 2nd by Sickles. Approved. Susan will be away from the office on Thursday to attend IMFOA and was given permission to use online bill pay in the interest of saving money.

Motion to adjourn the meeting by Warrior at 9:15 p.m. 2nd by Reed. Approved.
